NIO/EA

DIA's comments on the draft NIC Production Plan are shown in the boxes on the attached pages.

By the end of this week, please provide me with an "agree" or "disagree" on each of your items DIA has commented on. If you disagree, I'll need a written statement of rationale I can use in a formal NIC response to DIA.

In addition, we plan to discuss DIA's and other agencies' comments on the Plan briefly at the 0830 staff meeting this Friday.
